Fall 2013

KIDSPO RTS: DOING GOOD IN OUR COMMUNITY

If you've lived, grown-up, or raised a family in the Eugene/Springfield area, you've probably experienced the great work being done in our community by Kidsports.

Kidsports was founded over 60 years ago in Eugene as a program to provide our community with productive youth sports activities. Kidsports is a private non-profit organization that teaches children and families the value of physical fitness, sportsmanship, practice and teamwork.

Knowledgeable coaches and officials allow each player to achieve their personal best while having fun. All children have the opportunity to play. Sports programs and activities are open to any child who is able to participate regardless of race, religion, creed, sex, ability, or financial status.

Kidsports is funded

through help from donations and sponsorships by those in our community. You or your business can help keep them running strong through an individual child sponsorship, scholarship funds, business sponsorships, or donations to the general fund to help with facilities, equipment, operating expenses, and coach training. For more information please visit www.kidsports.org

Sanipac is a proud sponsor of Kidsports and wanted to help continue to get the word out on all the great work they do to keep our community thriving and healthy. Look for the Sanipac Kidsports truck out on the road this Fall!

Thanks to Kidsports for Doing Good in Our Community!
