

**DANGER**

**\$1000 REWARD!**

When we all work together, we make our community a better place to live in. The City of Veneta is asking for your help in preventing further damage to the sewer treatment plant.

*For the past several months a toxic substance continues to be dumped into the City of Veneta's sewer collection system causing serious damage to the sewer treatment plant!*

*The City needs ALL residents to assist in identifying those individuals responsible for the prohibited dumping. It is illegal to dump, flush down drains or toilet systems, any gasoline, paint thinner, or other types of industrial or toxic solvents into the City's sewer collection system through any means whether a manhole, a business location or a city residence.*

**ILLEGAL**

*The City is offering a **\$1000 REWARD** for evidence leading to the conviction of any responsible party. Contact the City's Public Works Director Kyle Schauer at (541) 935-2191 for additional information or to report a tip.*

If you have questions on where or how to dispose of something, please check out the Waste Wizard tool on our website. You can type in an item and it will give you local places where you can either recycle or dispose of items. If you have additional questions about items, please call our office, we are happy to help!

**Doing good in our community one tip at a time**
