

The Sanipac® Recycler

Summer 2018
Residential Edition

Hello from Sanipac!

As you may be aware, in recent months global recycling market volatility has put a strain on recycling efforts here locally in Lane County. Unfortunately this volatility has caused Northwest processors who accept the recyclables to announce they no longer have markets for many previously recyclable items. As a result the recycling guidelines for what can go into the recycling cart has changed. The main adjustment has been with regards to plastic items. Previously the plastics accepted were jugs, tubs, and bottles. Moving forward the acceptable plastics will be milk jugs and drink bottles only. Other changes include no aseptic containers, (these are commonly in the form of soy milk or juice boxes), no drink cartons, (such as milk or juice cartons), and no shredded paper, (shredded paper falls through the sorting machinery and contaminates other recycling). We appreciate your understanding during these conditions and please reach out to us with any questions. Also, please consider checking out the Sanipac Waste Wizard at Sanipac.com. The Waste Wizard allows you to type in an item and see where it could be recycled in Lane County.

Thanks for your time and thanks for caring about recycling!
